## DETAILED ACTION

### *Allowable Subject Matter*

1. Claims 15, 16, and 18-21 (renumbered 1-6) are allowed. The examiner's statement of reasons for allowance have been previously set forth (Final Rejection mailed on July 30, 2004). In summary, there was no reference in the prior art search that disclosed, taught, or suggested a tire assembly comprising a tire and a safety rim (conventional one piece rim), wherein a plurality of inflated balls, each having a diameter that spans the space between the rim and the tire casing, are disposed within the tire cavity, such that each ball can support a load (in pounds) equal to or greater than one hundred times the cube of its diameter (in inches) without exceeding its tensile and elastic limit and each ball has a wall thickness less than three percent of its diameter and more preferably less than two percent. In particular, none of the prior art references of record disclosed the claimed relationships between the ball diameter, wall thickness, and load capabilities.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **Conclusion**

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to **Justin R Fischer** whose telephone number is **(571) 272-1215**. The examiner can normally be reached on M-F (7:30-4:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Blaine Copenheaver can be reached on (571) 272-1156. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
